WORK EXPERIENCE

intern, Skill Vertex, Hyderabad	Aug 2022 – Sep 2022
I completed a 4-week internship in full-stack web development, covering HTML, CSS, JavaScript, PHP, Bootstrap, jQuery, and MySQL. During this internship, I successfully completed four assignments, each involving the creation of different static websites. As a final project, I developed a Library Management System using the skills I learned, including HTML, CSS, JavaScript, PHP, MySQL, and jQuery.	

PROJECTS

E-Learning	Oct 2022 – Jun 2023
I am building an e-learning platform similar to YouTube for students. All content consists of video lessons uploaded by teachers. Additionally, the website includes an inbuilt Integrated Development Environment (IDE) for coding practice. Students can also create teacher accounts to curate and create playlists.	
Dynamic Certificate Generator	Apr 2023 – Jun 2023
In college, I built a dynamic certificate generator website. For the frontend, I used HTML, CSS, and JavaScript. For the backend, I used PHP and SQL. To create the certificate formats, I utilized the fPDF library in PHP.	
Stock Seeker	Nov 2022 – Feb 2023
I created a stock seeker website like image gallery that includes sections like culture, food, arts, etc. Users can download high-resolution images and upload their own images to the website. I used HTML, CSS, and JavaScript to build this site
